

Getting to your accounts is good. Getting to them NOW is great!

Good is having a wide variety of accounts. Good is getting cash anywhere in the world with your ATM card. Good is having money to pay your bills. Good is finding the loan you need and applying for it.

Great is checking your accounts from a bistro in Paris. Great is having 2 surcharge-free ATM networks to choose from. Great is paying your bills without writing a single check. Great is applying for your loan in your pajamas.

At CME, we have the tools to make your life great. Like convenience services that let you manage your money on your time, whenever your time is.

MAKE IT GREAT!
TIP

SCHEDULE IT NOW, PAY IT LATER

With CME Online Bill Payment, you can schedule a payment today, but have it paid at a later date. So, each day or each week when your bills arrive, just login, schedule the payment for when it's due, then relax! The money won't come out of your account until the payment is made.

DIRECT DEPOSIT, PAYROLL DEDUCTION

You know that saving money is a good idea, but sometimes it's just not that easy to make regular contributions to your savings, money market or share certificate accounts. With Direct Deposit, your paycheck or government check is deposited directly into the CME account of your choice. No trips to make, no checks to forget to deposit...it gets there automatically, every time.

With Payroll Deduction, you can have portions of your paycheck sent to any CME savings or checking account, certificate or loan payment automatically every month. It's a great way to get into the savings habit!

SHARED BRANCHING

CME has joined the network of credit unions that "share" their branch offices. This network allows you to access your accounts at any of the 2,100 shared credit union branches across the country.

With shared branching, you can go to the nearest credit union and conduct basic transactions there - just like you would at a CME branch. All you need is your member account number and a photo ID.

ATMS

ATMs have become an essential fact of life. At CME, we make sure that wherever you go, you have access to your cash with our Cash Card or Great Card ATM/debit card.
